

Teacher notes

Love and marriage

Aim

To develop fluency in the context of love and marriage.

Activity

Students discuss questions.

Organization

Group work and whole class.

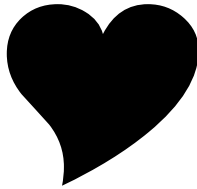

Preparation

Make enough copies of the activity for the number of students in your class.

What do I do?

- 1 Divide students into groups and hand out the activity.
- 2 Students ask and discuss the questions with their partner.
- 3 Get feedback from different pairs. You could develop some questions into a class discussion, for example, *what is a good age to get married?*

Love & Marriage

Should partners be similar to or different from each other?

Do you believe in love at first sight?

Does romance disappear after marriage?

Think about marriage customs in your country... How are they different from other countries?

What is a good age to get married?
